Castle Windows & Conservatories switch to Swift Frame products & services...

Castle Windows of Norwich is the latest company to switch over to Swift Frame Products. Managing director Ian Honeyman has been in the window industry for over 30 years and from his H.Q at Rhombus Park he was pleased to endorse Swift Frame products as "the best quality on the market".

Whether you are looking for top quality energy efficient windows and doors at prices that you will find hard to beat or Conservatories, Bi-fold Doors, Orangeries or Sliding Sash Windows, Castle Windows have a product that will satisfy every situation.

Yale Security now fitted to our range of Residential Doors

As the main port of entry for most unwanted guests, you can assure your customers that their new doors are fitted with a superior security system that will give them peace of mind for many years.

We can now fabricate & supply A+ Energy Rated Windows

Window Energy Ratings (WER) are a guide to the energy performance of your windows. The British Fenestration Ratings Council (BFRC) checks all the components to ensure the final window achieves the energy efficient standard claimed by your windows.
